Country Overview

From diverse landscapes and desert adventures to vibrant souks, hammams and historical sights, Morocco is one destination not to be missed. One of the reasons Morocco is a good place to visit is its varied geography! The Country doesn't just have paradise beaches and sweeping expanses of desert, it also has mountains.

Marrakech, Morocco (6 nights)

Marrakech, also spelled Marrakesh, chief city of central Morocco. The first of Morocco's four imperial cities, it lies in the center of the fertile, irrigated Haouz Plain, south of the Tensift River. The ancient section of the city, known as the medina, was designated a UNESCO World Heritage site in 1985. Marrakech is a must-visit destination for travelers seeking out a quintessential Moroccan experience with a whole lot of surprises.

Essaouira, Morocco (3 nights)

Essaouira, or Mogador is located on the western coast of Morocco. Essaouira is a great place to take things slow, whether that involves an afternoon of peaceful cycling or pottering around the numerous shops that sell spices, painted bowls, music and colorful clothing. The market experience here is 100x more enjoyable than that of Marrakech!
